4 Springare IM tournament over. Congratulations to all participants. My old 4 Springare members and my old students FM Milton Pantzar , FM JungMin Seo and FM Hampus Sörensen showed very solid play as their previous trainer and chess teacher I can be proud. I can see that IM titel is very close to them and it can be only question of short time period. I wish them good luck and will be great to see all of them fo 4Springare 20 years jubileums GM tournament. Our juniors from Bela rus got also great experience and we definittely will see them again. Matvey Papunidi won our Junior International 5 years ago and he is on his way to top players. Boris Vainerchuk was Belarus junior champion 5 years ago and we welcome him now to SS 4Springare Alsvenska team as well as winner of Junior International tournament Axel Falkeval. Enjoy some pics from closing ceremony and Boris perfomance.
